

MARIO SAUCIER

Career and Personal Paths

As a trained engineer, I acquired experience in project management in the mining, pulp and paper, and engineering consulting industries. Having co-founded Groupe ID in 1986, I was president from 2004 to 2014, in addition to being in charge of development and visibility strategies. I was president of the AQHSST in 2009 and have been a member of the CSA Z460 standard technical committee and the Groupement des chefs d'entreprises since 2006.

Why I Became an Entrepreneur or Administrator

I had wanted to become an entrepreneur for several years, but I seized an opportunity when it arose. Today, I know that the main reason is to create joy and wealth around me.

Why I Am a Mentor

To share everything life has taught and given me. It is important to give back!

My Guiding Values

Respect, sharing, balance, and happiness.

My Passions and Interests

My passions are all the people around me: my spouse, my family, and my friends.

My interests are riding my motorcycle and bicycle, reading, movies, and music.
