

For Immediate Release

June 13, 2016

PRESS RELEASE

Partnership Agreement

On May 17, Daniel Turgeon, general manager of Desjardins Business Haut-Richelieu-Yamaska, and Sylvain Fausse, head mentor of the cellule de Mentorat pour entrepreneurs et intrapreneurs Granby et région, confirmed that they had formed a partnership.

In fact, Desjardins will be the main financial partner of the cellule de mentorat Granby et région from June 1, 2016, to May 31, 2018. As a result, Desjardins will contribute \$5,000 a year for the next two years.

“Desjardins has been a partner of mentorship in Granby since the beginning. When our cell was set up in 2001, they supported us financially in our development and in the many events raising awareness of the benefits of mentorship. By becoming our main financial partner, Desjardins will support us financially in our visibility plan and in our promotion of mentorship among entrepreneurs interested in joining our cell as mentees or mentors. In addition, we will be able to continue to train our active mentors and to recognize them for their volunteer work. Through this involvement, Desjardins is encouraging and supporting our future entrepreneurs, who are our leaders of tomorrow,” stated Mr. Sylvain Fausse, head mentor.

Desjardins recognizes that generous mentors with solid administrative experience can help entrepreneurs and intrapreneurs improve their entrepreneurial skills and know-how.

Moreover, the board of directors of the Chambre de Commerce Haute Yamaska et région would like to announce that as of May 9, 2016, all new mentees joining the cellule de mentorat Granby et région will become members of the board of trade for one year upon signing their agreement with the cell.
